Policy on Green Campus Initiatives Fakiragram College

Fakiragram College believes in undertaking some strategies that need to be incorporated into the institutional planning and budgeting processes with an aim to develop a clean and green campus. A Green Campus is a place where environmental-friendly practices and education can promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind. Greening the campus is all about sweeping away wastefulness and using conventional sources of energies for its daily power needs, correct disposal handling, purchase of environment friendly supplies. Institute has to work out the time bound strategies to implement green campus initiatives. The policy on Green Campus Initiatives is adopted with the aim to encourage all stakeholders strictly adhere to the policies that can promote all the adopted policies in developing a clean and green campus.
